CUTICURA HEALS BABY'S ECZEMA

On Head and Face. Itched and Scratched Awfully.

"My baby was all broken out with eczema on her head and face. It soon broke out in little pimples, something like a rash, and then turned into sores. They seemed to itch as if scratched awfully bad. I tried most everything I thought would do any good but with no success. I used Cuticura Soap and Cuticura Ointment. When I had used them twice of Cuticura Soap and one box of Cuticura Ointment she was completely healed." (Signed) Mrs. A. M. Hendrick, Rockingham, N. C.

For every purpose of the treatment of Cuticura Soap, Ointment and Tablets are wonderfully good.

AN OLD RECIPE TO DARKEN HAIR

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wash of Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with the liquid and draw this through your hair, taking one small strand at a time; by morning the gray hair, if you use it after another application or two your hair becomes beautifully dark, thick and glossy and you are a year younger. With Sage and Sulphur Compound is a delightful toilet requisite. It is an infallible for the cure, mitigation or prevention of disease.
